

## Adding slides to a video

Before you can add slides to your recording, you need to save your slides as a PDF file. Here are a few of the most common applications used to create slides, and instructions on how to save them as a PDF:

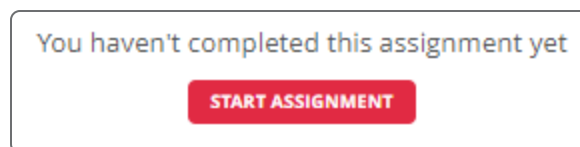

- **PowerPoint** - To convert your PowerPoint slides to PDF, please see Microsoft's guide [here](#).
- **Keynote** - To convert your Keynote slides to PDF, please see Apple's guide [here](#).
- **Google Slides** - To convert your Google Slides to PDF, click **File** > **Download as** and select PDF. Then select **Save**.

Please note that Slide Sync is only available for Standard assignments and the "Presenter slides" setting must be enabled by your instructor before you can add any slides.

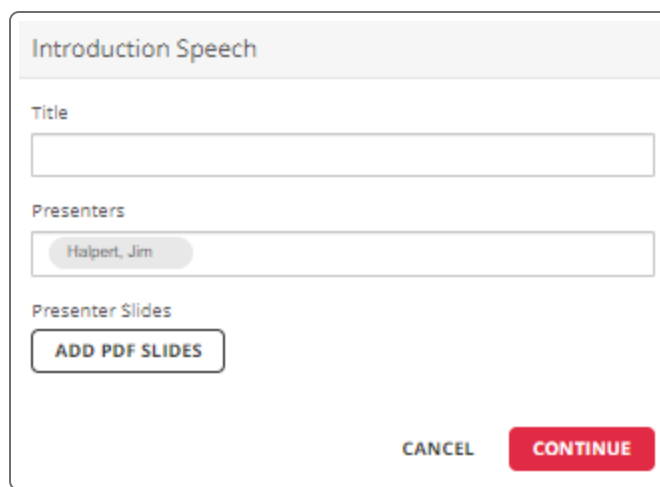

### Adding a Slide Deck during recording

- 1 Click "Start Assignment."

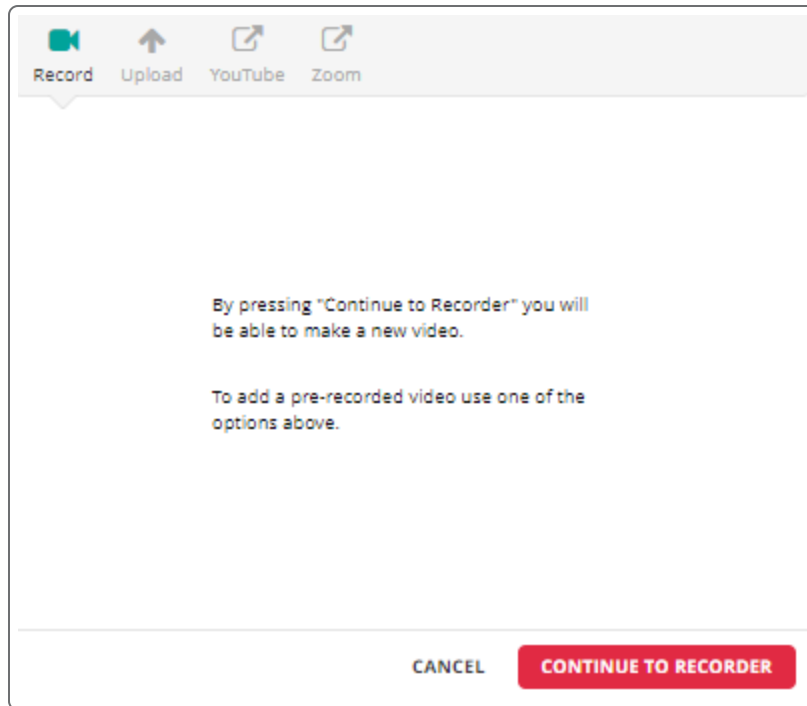

- 2 Click "Add PDF Slides" and upload your PDF file.

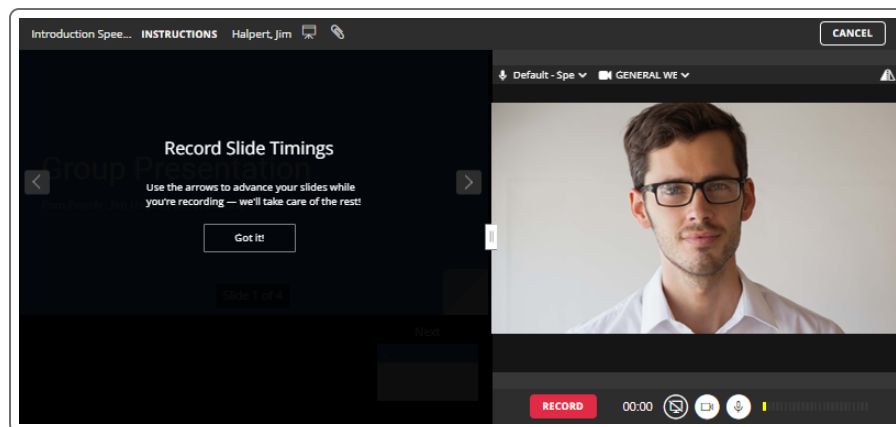

- 3 Once your slides have finished processing, click "Continue."

- 4 Click "Continue to Recorder."

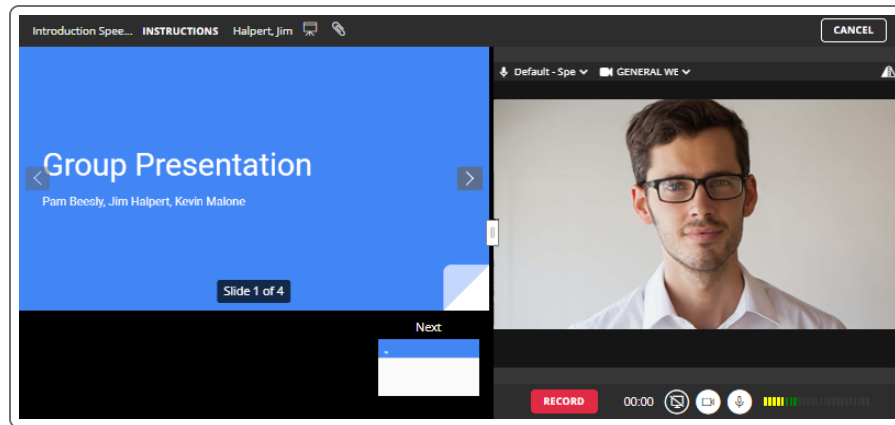

- 5 If you see the Equipment Check and it passes, press "Continue." If the equipment check fails, see [Enabling your camera and microphone](#).

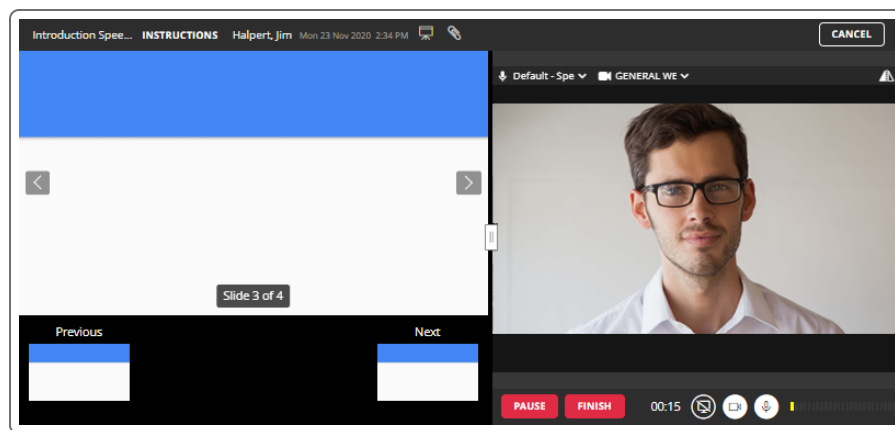

- 6 On the left-hand side, below "Record Slide Timings," click "Got It!"

- 7 Click "Record" to start recording.

- 8 As you record, use the right/left arrows or the next/previous buttons to change slides at the appropriate time.

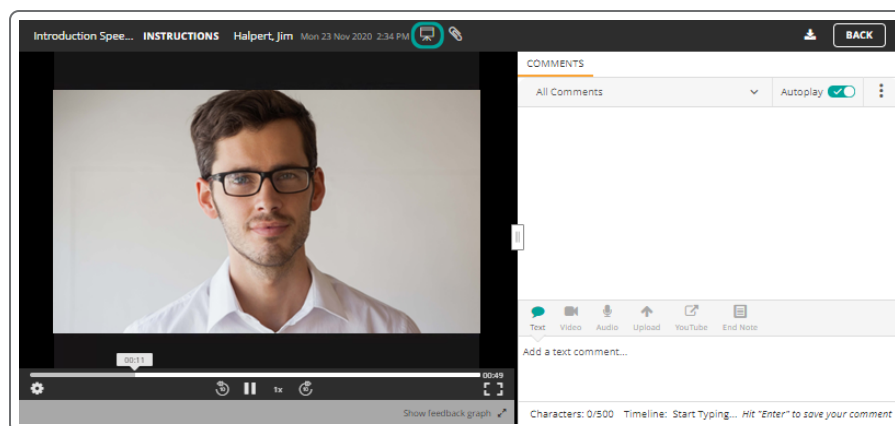

- 9 When you are finished recording, click "Finish" and then "Post."

## Adding a Slide Deck after recording or uploading

If your video was recorded or uploaded without a Slide Deck and you need to add one,

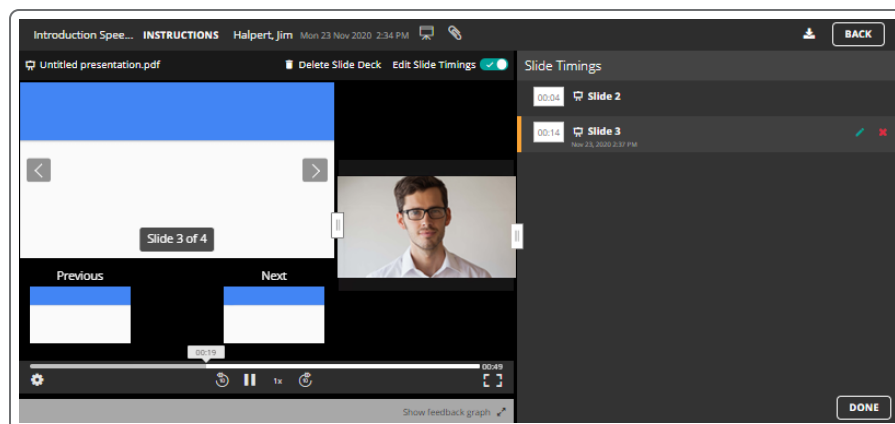

- 1 Play your video and click the Slide Deck icon above your video.

- 2 Choose your PDF file and wait for it to upload.

- 3 While playing your video, use the right/left arrows or the next/previous buttons to change slides at the appropriate time.

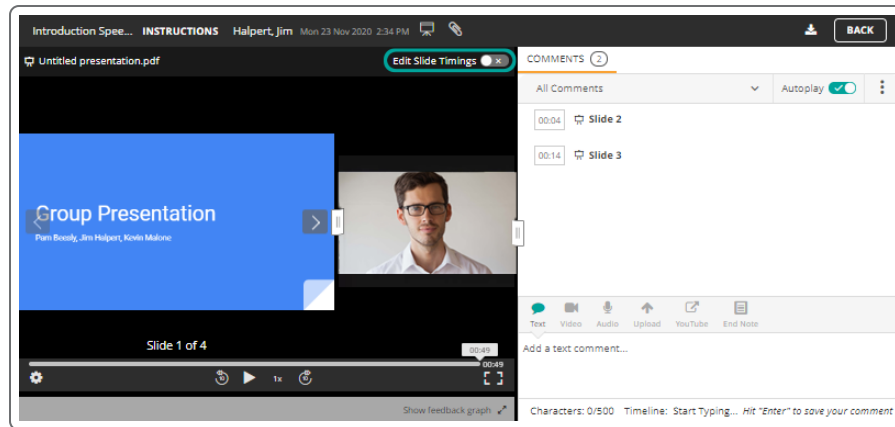

- 4 Click the "Done" button in the bottom right to save your Slide Timings and return to the feedback screen.

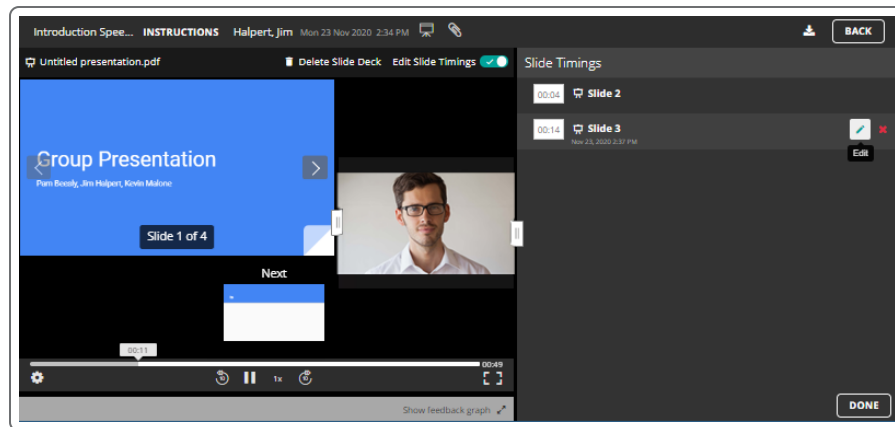

## Edit Slide Timings

To edit your slide timings,

1 Play your video and select "Edit Slide Timings."

2 Hover over the applicable slide number and select the Edit icon.

3 Click the timestamp and use the slider or the +/- buttons to adjust the time.

- 4 When you are finished, click the green checkmark to save your changes.

## Removing a Slide Deck

If you need to remove your slide deck, play your video, select "Edit Slide Timings," and click "Delete Slide Deck."
