

INTERN OPPORTUNITY:

WHO WE ARE: CEDAR CREST FARM AND FEED is a small boutique farm that mills fresh whole grain NON GMO chicken & livestock feeds that we sell out of our stores in Kirtland Hills and Newbury, Ohio. We also breed and raise heritage and rare breeds of chickens and teach about chickens and sustainable living and farming.

No sad chicken cages, no over breeding, just happy, healthy and gorgeous chickens!

ARE YOU A GOOD FIT? We are looking for happy, enthusiastic individuals who really want a good look at farm life. If you are interested in Veterinary medicine, Agriculture or just want to know how to raise backyard chickens. We will give priority to those who have participated in 4H, as this would be a pretty good indicator of someone who loves livestock! However, for those who truly have a desire to learn the farm life, this would be a great opportunity.

WHAT WILL A DAY LOOK LIKE FOR OUR INTERNS? Our team consists of a handful of very hard working people who love animals. We clean coops EVERYDAY, wash drinkers and feeders, provide fresh water and feed to all the animals, collect eggs, stock feed store. Hatching season begins April 1, which means we will have a whole host of baby chicks to care for. We will also have our interns help with the packaging and shipping of chicks and adult birds. Please take a look at our website to get a better idea of who we are and what we do!

If interested, please phone or email:
